CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2018 AND 2017

REPORT OF INDEPENDENT AUDITOR

The Board of Directors
Wycliffe Associates, Inc.
Orlando, Florida

We have audited the accompanying consolidated financial statements of Wycliffe Associates, Inc. (“the Ministry”), which consist of the consolidated statements of financial position as of September 30, 2018 and 2017, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Ministry's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ministry's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Wycliffe Associates, Inc. as of September 30, 2018 and 2017, the consolidated changes in its net assets, and its consolidated cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE A – NATURE OF ACTIVITIES

Wycliffe Associates, Inc. (“the Ministry”) is a not-for-profit California corporation. The Ministry’s purpose is to identify, mobilize, and foster relationships with volunteers to involve people in the advancement of Bible translation worldwide through programs of prayer, financial stewardship, and volunteer service.

In connection with its purpose, the Ministry collaborates with global church networks in its efforts to accelerate the advancement of Bible translation worldwide. No control relationship or common control exists between the Ministry and the global church networks.

Consolidation

The Ministry has eight entities as of September 30, 2018 (ten entities as of September 30, 2017) for which it maintains the authority to appoint or elect the governing bodies. These separate legal entities are utilized to carry on specific work in various countries where the use of a separate entity provides practical or legal advantages. For security purposes, the names of the entities are not specifically disclosed in these notes. In conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”), the Ministry’s financial statements are consolidated with the financial statements of these organizations. All significant interorganization accounts and transactions have been eliminated in consolidation.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Restricted and unrestricted revenue and support

The Ministry recognizes cash contributions as revenue when the contributions are received by the Ministry. Contributions received are recorded as unrestricted or temporarily restricted support, depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities as “net assets released from restrictions.”

Cash and cash equivalents

The Ministry considers investment instruments purchased or donated with original maturities of three months or less to be cash equivalents.

Investments

Investments are carried at estimated fair value.

Note receivable

Note receivable is stated net of an allowance, if any. The Ministry estimates the allowance based on an analysis of the note, taking into consideration collection history, the age of any past due amounts, and assessment of the debtor’s ability to pay. The note is considered past due when payments are not made in accordance with specified terms. The note would be written off upon management’s determination that the amounts are uncollectible.

Property and equipment

Property and equipment are stated at cost, if purchased, or estimated fair value on the date of donation, if donated. Depreciation of property and equipment is provided over the estimated useful lives of the respective assets on a straight-line basis.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income taxes

The Ministry is exempt from federal income tax as an organization described in Section 501(c)(3) of the Internal Revenue Code and from state income tax pursuant to state law. The Ministry is further classified as a public charity and not a private foundation for federal tax purposes. A certain affiliate is a taxable subsidiary which is subject to both federal and state income taxes. The Ministry's other affiliates are considered disregarded entities for federal tax purposes. The Ministry has not incurred unrelated business income taxes. As a result, no income tax provision or liability has been provided for in the accompanying consolidated financial statements.

Use of estimates

Management uses estimates and assumptions in preparing consolidated financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Significant estimates used in preparing these consolidated financial statements include those related to the estimated fair value of investments, the useful lives of property and equipment, and the estimated value of contributed services and facilities usage. Actual results could differ from the estimates.

Reclassifications

Certain amounts included in the September 30, 2017 consolidated financial statements have been reclassified to conform to classifications adopted during the year ended September 30, 2018. The reclassifications had no material effect on the accompanying consolidated financial statements.

Subsequent events

The Ministry has evaluated for possible financial reporting and disclosure subsequent events through January 22, 2019, the date as of which the consolidated financial statements were available to be issued.

NOTE C – CONCENTRATIONS OF CREDIT RISK

The Ministry maintains its cash and cash equivalents in deposit accounts which may not be federally insured, may exceed federally insured limits, or may be insured by an entity other than an agency of the federal government. The Ministry has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk related to cash and cash equivalents.

The Ministry's investments are held by a single custodian.

NOTE D – FAIR VALUE MEASUREMENTS

U.S. GAAP defines fair value for an investment generally as the price an organization would receive upon selling the investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment. The information available to measure fair value varies depending on the nature of each investment and its market or markets. Accordingly, U.S. GAAP recognizes a hierarchy of "inputs" an organization may use in determining or estimating fair value. The inputs are categorized into "levels" that relate to the extent to which an input is objectively observable and the extent to which markets exist for identical or comparable investments. In determining or estimating fair value, an organization is required to maximize the use of observable market data (to the extent available) and minimize the use of unobservable inputs. The hierarchy assigns the highest priority to unadjusted quoted prices in active markets for identical items (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of each of the three levels of input within the fair value hierarchy:
